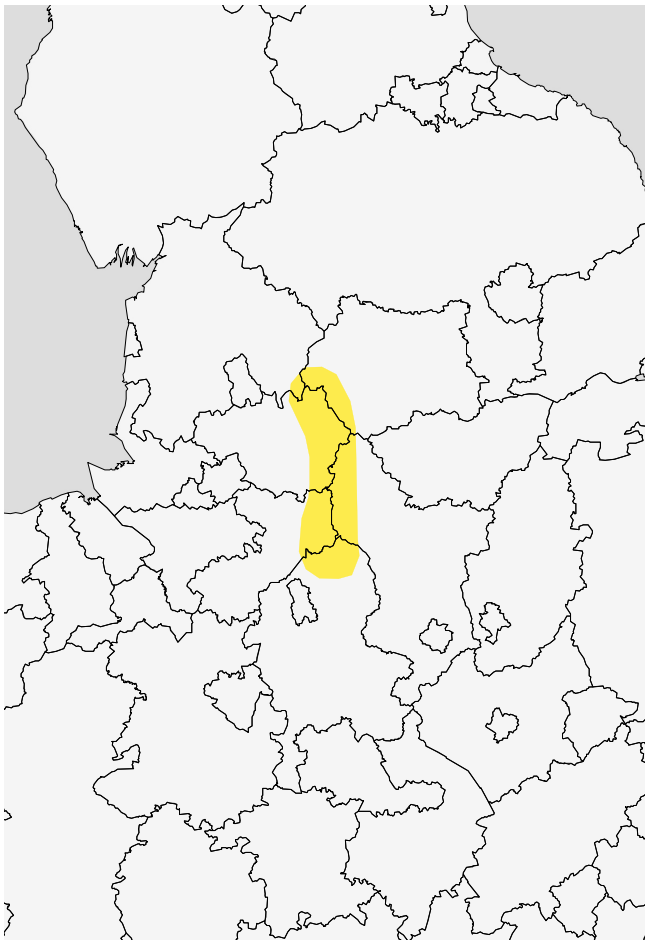
Yellow warning
Wind

Between
00:01 Fri 10 Mar 2023 and
05:00 Fri 10 Mar 2023



Strong winds leading to some power disruption and additional travel delays

What to expect

- Some short term loss of power and other services is likely
- Delays to road and rail transport are likely in addition to that caused by snow

Further details

Strong easterly winds have developed over the western Pennines and are expected to continue for several hours until easing towards dawn on Friday. Gusts of 50 to 60 mph are possible in places. This will lead to particularly poor travelling conditions where snow is falling.

✓ High likelihood of low impacts
